## **Terms and conditions**

### **Exhibitor WiFi packages:**

#### 1. STANDARD WIFI - INCLUDED IN STAND PRICE

Standard wifi is available on the day. The venue have advised us that this should give enough bandwidth to check emails but will be too slow for streaming videos etc. and state that "Whilst we offer free wifi to all exhibitors on the day, we cannot guarantee the strength or consistency of the signal."

#### 2. ENHANCED WIFI - £30+VAT OFFERING ACCESS @ 4Mb/sec, ADEQUATE FOR VIDEO STREAMING

This upgraded access will offer 4Mb/sec per user which will be adequate for streaming. This will be password protected with one mac addresses per £30 voucher. Vouchers will need to be bought in multiples if more than one connection is required. Each mac address can only be used once (i.e. on the day of the event). Passwords will be issued and an expert will be on hand to help with any connections/deal with any complications.

#### 3. FOR ANY ADDITIONAL/INCREASED REQUIREMENTS SUCH AS SETTING UP YOUR OWN NETWORK - this will be handled separately by directly contacting Jake Barton support@rade.net.

### **Please note the following terms and conditions will apply:**

Password protected access is restricted to two mac addresses per voucher, each for a single use.

Redistribution of the signal via a router is forbidden.

Tethered hot-spots are not allowed.

Streaming of illegal content is forbidden.

A fair usage policy applies.

Usage will be monitored in real time and the on-site technical representatives reserve the right to switch off access to those restricting usage by other legitimate users.

Any technical queries should be emailed to Jake Barton at least a week in advance of the event direct using [support@rade.net](mailto:support@rade.net)
