I have sat as a member of Council since 1996, most recently as an Ex-Officio member through the role of Senior Steward of the Farm Discovery Zone, a role which I relinquished after the 2017 Show after 10 years.

I remained as a co-opted member of the Show Committee, but I am now seeking to be re-elected to council in order to continue to support the Association and to serve as a member of the Association's nomination's committee a role I took up in late 2017.

As a life member since 1986, I am committed to the Association and continue to be involved in the Education projects, in particular the Farming School of the Year, Tractors into Schools and as a Steward at the School Farm and Country Fair
