Revamp your home with stunning local luxuries

Suffolk Show's Lifestyle Pavilion has everything you could ever need to spice up your home - from home furniture to rugs, bedding and other soft furnishings.

Whatever style of home you have, the Lifestyle Pavilion is bursting with décor ideas, accessories and gifts to suit.

Local independent retailers and craftspeople are all out in force this year, inspiring visitors with their latest unique, luxurious interior design products, as part of the county's biggest pop-up shopping event. The Lifestyle Pavilion is the perfect place to start your home makeover. Why not begin your decorating with beautiful tiles for your kitchen or bathroom from Hadleigh-based Bromley and Fitch, or a bespoke fitted kitchen from the Suffolk craftsmen, Churchill Brothers? Or, if you're after something a little smaller, new to the pavilion for 2018 is Colchester-based independent retailer Simply Living, which is showcasing its stylish interior furnishings, lighting, candles and home accessories.

Popular favourites, like Barretts of Woodbridge, have returned again this year. With the help of the independent furniture department store, you can kit out your home with statement furniture pieces including designs from Orla Keily, and Wild and Wolf! Or wander over to see The Rug and Carpet Studio from Long Melford, with its stunning collection of unique and antique,

handmade rugs.

The Art Show is another great hotspot for picking up something unique for your home. Here, local artists are displaying a wide range of original work, including portraits, watercolours and sculptures, and some will be painting live at the event.

The Distressed Artist will be making her debut appearance at the show this year with her display of acrylic and watercolour canvas paintings of glorious Suffolk seas and skies, painted from her local studio.
